REMARKABLE CURE OF CROUP A Little Boy's Life Saved.

I have a few words to say regarding Chamberlain's Cough Remedy. I saved my little boy's life and I fee that I cannot praise it enough, bought a bottle of it from A. E. Steers of Goodwin, S. D., and when I got hom with it the poor baby could hard! breathe. I gave the medicine as discreted even ten minutes until rected every ten minutes until "threw up" and then I thought she was going to choke to death, had to pull the phlegm out of his mo m great long strings. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today.—JORL DEMONT, Inwood, Iowa. For sale by The Winston Drug

age t'e is probably a slip noose

Four-fifths of Chicago's churchgoers

This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1858 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are good and cheap for light colds perhaps, but for severe Cooghs, Broachitis, Croupand especially for Consumption, where there is difficult expectoration and coughing during the nights and mornings there is nothing like German Syrup. The 25 cent size has just been introduced this year. Regular size 75 Syrup The 25 cent size has just been introduced this year. Regular size 75 cents. At all druggists.

chemically as alkiyoxphenylquaindin.

An Attack of Pneumonia Warded Off.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a had cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by The Winston Drug Co. An Attack of Pneumonia Warded Off.

MOTHER LOVE DIVINE

Symbol of God's Affection For the Human Race.

Frank De Witt Talmage, D. D., Takes Maternal Affection as the Subject of His Sermon-An All Forgiving Love.

CHICAGO, Oct. 19.-The tender affection of a mother for her child is used by Rev. Frank De Witt Talmage as a symbol of the divine love for the human race in this sermon on the text Isniah lxvi, 13, "As one whom his mother comforteth, so will I comfort

of us a very tender and reverent application. The greatest lessons of a sac-rificing and a forgiving love have been learned by most of us from the now si-lent lips of our Christian mothers. Though your mother may have been They cured the three of us. I am here in the city every few days and can substantiate the remarks I have made."

For sale by all dealers. Price 50 how tenderly she cared for you when you were a little child. You remember dead for ten or twenty years, yet you how she nursed you through that long Ducks and geese may be fattened room you would call: "Mother, mother! quickly on boiled turnips, potat es and where is mother?" You well remember thickened with carpingal corr your shoulder and looked long and carnestly into your eyes the day you though she were trying to make up her away from home. You also remember how, when a man grown, you had that great trouble in life, and your chief carried her out to gently let her body down into the open grave, when you laid her away to sleep among the spring flowers or when you covered her up under the soft quilt of spotless ovil spirits into the darkness. There is snow, the purest, gentlest, noblest, most forgiving and helpful of human companions was forever taken from et, uses when, seeking to show how

The Divine Being shows the love of forter of all the young folks who are preparing for the great struggle of life. The mother wants to be the inspiring friend of her boys and girls during the long years of immaturity, when the world at large is sneering at them and laughing at their ambitions, as though they were the mere out-growths of a foolish and a visionary brain. She wants to be the friend of during those school days when they have no earning capacity and when gle of life even under the best conditions is a hard one, but that struggraduating day from school or college. In the line of elopements the marri- It commences away back in the "early teens." The first plan was a olved the open order formation the anglish found necessary before they suid conquer the Boers in South frica. He has studied the changes ade necessary by the introduction of odern artillery, rapid-fire guns and mail arms, and was considerably surprised to find both France and Germany inging to the obsolete methods of heir fathers in infantry formation.

R. T. GREENER.

deen artillery, rapid-fire guns and mall arms, and was considerably surrised to find both France and Germany inging to the obsolete methods of heir fathers in infantry formation. In France he found close formation was favored both for attack and defense; guns were ill-masked; advances were maintained at ranges which would have meant annihilation to the advancing troops; bodies of men were launched at positions which had been untouched by artillery fire; and the cover offered by buildings and the formation of the country was unaccepted. Yet the French have adopted the military balloon and the motor car—curious anomaly. The tactles were otherwise, as tactics, occasionally brilliant and on the whole satisfactory. The men are reported to have marched superbly, and to be extremed and be completed within a year. The work at the mine and also on the rail-road can be done best in winter, when material and labor are cheap.

R. T. GREENER.

Norwegian Crops.

It is a well-known fact that Norway, below that Norway, even in the most favorable seasons, is incapable of raising enough cereals for the consumption of its population. Consequently, large quantities of grain and other provisions are imported annually. The annual import of grain, flour and other breadstuffs averages about \$12,000,000 per annum, and that of meats and pork about \$225,000. The present season has proved itself a very poor one for the Norwegian farmers, and reports of destructive frosts and failures of factory. The men are reported to have marched superbly, and to be extremed and also on the rail-road and show a understance in which and allow are reheap.
